1. (U) **Scope Note**

1. (U) The Worldwide Threat to Shipping (WTS) message provides information on threats to merchant vessels, the shipping industry, and other maritime stakeholders worldwide in the last 30 days. This report is produced primarily to inform merchant mariners and naval forces.

2. (U) **Warnings and Advisories:**

A. (U) **MARAD Advisory 2019-014-Red Sea, Gulf of Aden, Arabian Sea, Gulf of Oman, and Indian Ocean-Violence Due to Regional Conflict and Piracy.** This revised advisory cancels U.S. Maritime Advisory 2019-007 References: U.S. Maritime Alerts 2018-001A, 2018-005A, 2018-007A, 2019-001A, and 2019-005A. Issues: Regional conflict and piracy threats continue to pose risks to commercial vessels operating in the above listed geographic areas. Conflict in Yemen continues to pose potential risk to U.S. flagged commercial vessels transiting the southern Red Sea, Bab al Mandeb Strait, and Gulf of Aden despite the current limited cease-fire between the Houthis and the Saudi Arabian-led Coalition. Threats may come from a variety of different sources including, but not limited to, missiles, rockets, projectiles, mines, small arms, unmanned aerial vehicles, unmanned surface vessels, or waterborne improvised explosive devices. These threat vectors continue to pose a direct or collateral risk to U.S. flagged commercial vessels operating in the region. Additionally, piracy poses a threat in the Gulf of Aden, Arabian Sea, Indian Ocean, and Gulf of Oman. See full advisory at <https://www.maritime.dot.gov/content/2019-014-red-sea-gulf-aden-arabian-sea-gulf-oman-and-indian-ocean-violence-due-regional>.

B. (U) **IMB/PRC/Alert – 196-2019:** 180600 UTC DEC 2019 TO: ALL SHIPS TRANSITING IN AND OFF EASTERN SABAH, MALAYSIA/CELEBES SEA/SULU SEA/TAWI TAWI – WARNING. Sulu based Abu Sayyaf Group (ASG) planned a kidnapping for ransom (KFR) operation. After re-evaluation by Philippine intelligence on 16 December the warning is still valid for another week. Next evaluation will be on 23 December. Initially the IMB PRC received information from Philippines

Intelligence that on 9 Dec 2019, the Sulu based ASG - KFR group was monitored planning to conduct kidnapping activity in Sabah. The group primary target is kidnapping of foreign nationals in Sabah resorts, seafarers and vessels are also at risk. The group is preparing to go out to sea using one speedboat painted with grey and green color and powered by two 40-hp Yamaha engines. The group was seen purchasing fuel. Vessels are advised to remain vigilant and maintain strict anti-piracy watch and measures. The group may have already departed out to sea. Early assessment / detection will allow ships to take evasive actions and other anti-piracy measures to prevent boarding and request for assistance. Citadel/safe room is important. All attacks and suspicious sightings should be reported to local authorities and to the IMB PRC as per IMO Cir 1334. IMB piracy reporting centre 24 hour anti-piracy helpline +603 2031 0014 fax: +603 2078 5769 email: imbkl@icc-ccs.org / piracy@icc-ccs.org.

C. (U) **MARAD Advisory 2019-012-Persian Gulf, Strait of Hormuz, Gulf of Oman, Arabian Sea, Red Sea-Threats to Commercial Vessels.** Description: This revised advisory cancels U.S. Maritime Advisories 2019-004 and 2019-008. References: U.S. Maritime Alerts 2019-004A, 2019-003A, 2019-002A, and 2019-001A. Issue: Heightened military activity and increased political tensions in this region continue to pose serious threats to commercial vessels. Associated with these threats is a potential for miscalculation or mis- identification that could lead to aggressive actions. Vessels operating in the Persian Gulf, Strait of Hormuz, and Gulf of Oman may also encounter GPS interference, bridge-to-bridge communications spoofing, and/or other communications jamming with little to no warning.
