1. (U) GULF OF GUINEA: On 6 June, six armed pirates in a skiff, with visible weapons and a ladder with hooks, approached and attempted to board the underway Marshall Islands-flagged bulk carrier CP TIANJIN at 18:00 local time in position 02:49N – 002:31E, approximately 208 NM south-southwest of Lagos. The alarm was raised and the crew were mustered. The master sent a distress message, increased speed, and commenced evasive maneuvers. After attempting to board for 40 minutes, the pirates aborted and moved away. The crew and the vessel were reported safe. (Clearwater Dynamics; Dryad Global; IMO GISIS; IMB; MDAT-GoG)

2. (U) GHANA: On 4 June, a wooden boat with ten people onboard approached an underway tanker in position 05:28N – 000:46E at 09:40 local time, approximately 46 NM east-southeast of Tema. The boat was signaling distress and requesting the ship to reduce speed. Because there was no sign of damage or distress to the boat, the master increased speed and raised the alarm for the crew to retreat to the citadel. When the boat came to within seventy meters, the master evaded all boarding attempts by putting the suspicious boat at her stern. The boat aborted its pursuit after following the tanker for twenty minutes. There was no piracy-related equipment sighted onboard the suspicious boat. (Clearwater Dynamics; MDAT-GoG)

3. (U) NIGERIA: On 3 June, two speedboats with an undetermined number of armed men onboard intercepted and attacked two underway passenger boats returning to Port Harcourt on Ke community waterways in Degema, Rivers State Local Government Area. The robbers reportedly shot two passengers, who later died, and carted away goods and passengers' personal belongings, including the boats' two 75-horsepower outboard engines. 4. (U) BENIN: On 31 May, two skiffs approached the Ghana-flagged fishing vessel IRIS S at 19:30 local time in position 04:33N – 002:23E, approximately 107 NM south of Cotonou, forcing it to stop. Seven armed pirates boarded the vessel and stayed onboard for about an hour. The pirates kidnapped five crew members—the captain, chief officer, second officer, chief engineer (all Korean nationals), and an engineer (Filipino)—and took personal crew belongings and other valuables. The remaining 31 crew members were left unharmed. (Clearwater Dynamics; Maritime Executive; IMB)

5. (U) NIGERIA: On 27 May, an undetermined number of armed men attacked and opened fire on an underway passenger boat carrying nine passengers from Swali waterfront in Yenagoa, Bayelsa State to Koluama 1 in Southern Ijaw Local Government Area. The attack resulted in the killing of a young girl and the wounding of the boat pilot. The wounded boat pilot managed to take the boat and the passengers to Koluama 1 and was evacuated to Yenegoa for medical treatment. 6. (U) NIGERIA: On 26 May, a robber boarded a cargo vessel berthed at Onne Port at 04:20 local time near position 04:41N – 00709E. The robber escaped in a canoe after the duty watchman raised the alarm. Following the incident, security personnel and the Nigerian Navy were alerted. A patrol vessel was dispatched to investigate, and approximately one hour later the robber was apprehended. (Clearwater Dynamics)

7. (U) GHANA: On 19 May, eight armed perpetrators in a skiff initially approached and fired upon a Ghana-flagged fishing trawler at 18:30 local time in position 04:33N – 000:15E, approximately 66 NM south of Tema. The trawler stopped, and five armed pirates boarded and remained onboard for about six hours. The pirates kidnapped five crew members (four Chinese nationals and one Russian), and removed personal crew belongings and other valuables. No injuries were reported to the remaining crew. The trawler's crew identified the pirates as Nigerian. After the kidnapping, the trawler headed back towards Tema port. (Clearwater Dynamics)

(Clearwater Dynamics; IMB)
